

A HIGHER WAY OF LIVING

KARURA FOREST. FOREVER CLOSE.

A private collection of just 54 luxury residences on the edge of Karura Forest, offering spacious three- and four-bedroom apartments.

*Limited in number.
Exceptional by design.*

PROGRESS TODAY.
A BRIGHTER TOMORROW.

CONSTRUCTION HAS BEGUN

Following the success of Forestview Residences, where all forest-facing homes sold out, Elegant Properties introduces Casa Karura, located right next door.

Designed with privacy, space and understated luxury in mind, Casa Karura has just three apartments per floor, creating a more private and exclusive living environment.

Expect the quality and attention to detail associated with Elegant Properties, now elevated further with refined finishes and thoughtful design throughout.

Residents will also enjoy an impressive collection of **rooftop amenities**, designed for relaxation, wellness and everyday living.

A rare opportunity. A lasting investment.
